NEWARK CATTLE THIEF CONVICTED, SENTENCED AT MARTINEZ COURT

Walter Lawyer, Newark Rancher, Gets One To Ten-Year Term

A heavy blow was struck to diminish cattle stealing in this district last week, when Walter P. Lawyer, 38, Newark rancher, was found guilty of stealing a cow near Pittsburg and sentenced to from one to ten years in Folsom prison by Superior Judge Thomas Johnston, at Martinez.

Lawyer was found guilty of theft by a Martinez jury last Tuesday. He was sentenced Saturday after a motion that a new trial be granted was denied by the court.

Lawyer was first arrested at his isolated Newark place in February for the theft of a heifer from the Athenour ranch near San Jose, Stockton, however, had a prior right to Lawyer, and he was tried there for cattle stealing, a jury acquitting him on April 3. He was immediately arrested on a Contra Costa warrant, also charging cattle stealing, and made bail. He would have gained his freedom, had not Sheriff Wm. Emig, of San Jose, rearrested him on the Athenour warrant.

Santa Clara county, however, relinquished Lawyer to Martinez where he was convicted and sentenced last week.

Authorities said Lawyer previously had served time in Nebraska for horse stealing. Had he been acquited by the Martinez jury, he would have immediately faced cattle stealing charges in Santa Clara county.

ALLEGED HOLD UP AT IRVINGTON BANK THWARTED THURSDAY

E. B. Pendleton Caught At San Leandro After Chase

Washington township was the scene of much official scurrying and siren-blowing last Thursday when Eric B. Pendelton, alias Michael Sinclair, alias John Barton Duke, stole a brand new car at San Jose, escaped city police, and attempted to holdup the Irvington branch of the Bank of Alameda County.

Registering at a San Jose hotel, Pendleton phoned to the San Jose Auburn agency and asked that a salesman be sent up with a car. The salesman arrived ,and he and Pendleton went for a trial spin.

Stopping the car so that he might "visit an uncle," Pendleton lured the unwary salesman out of the machine and drove off in a cloud of dust. Police were immediately summoned and east bay roads covered with posses. Alameda county posses bumped into Santa Clara county posses at Warm Springs and it was at length decided by police that Pendleton had eluded them.

In the meantime, it later developed, Pendelton had parked his ill-gotten car out of sight and walked to the Irvington telephone exchange, where he told Chief Operator Etta J. Lewis that he was an inspector. According to reports he asked that the trunk lines to the bank be left open for a test. The chief operator became suspicious and notified the bank cashier.

When Pendleton arrived at the bank and stated that he wanted to inspect the phones, he was immediately challenged by the banker, who demanded to see his "credentials." Pendleton fled.

He was arrested an hour or so later by officers in San Leandro.

Native of Missouri, Was Resident Here for 27 Years

One of Niles' veteran builders answered the final summons Saturday afternoon at 4:15 o'clock, when Charles E. Fournier, long a resident here passed away after months of illness, at his home on Third street.

Fournier was born in Missouri in 1853, and came to California with his parents as a child. His parents settled in Amador county, and he was active in the lumber business and in Democratic party affairs there until his moving to Niles twenty-seven years ago.

He was one of the contractors for the old Ames Pump Works and for the original Niles Sand & Gravel Company. He was also the builder of innumerable homes in this district as well as many buildings in the town. The esuipment for the Fournier Mill was brought from Amador county, where he had a mill previously.

Fournier was known throughout this region as an excellent work man and a quiet and forceful man.

He is survived by his widow, Mrs. Rose Fournier, and by four sons, Charles Vonley, Louis Milton, Lloyd Leslie and Howard Veloise. The latter is postmaster in Niles. A daughter, Mrs. Viola Babcock, also survives. The elder Fournier was a brother of Mrs. Gladys Watson, and Frank Fournier, the latter of Oakland.

NILES BOOSTER FETE DRAWS MULTITUDES

Surrounding Towns Are Represented In Huge Parade

Niles, bedecked with brilliant flags and banners last night became the publicity hub for fetes, fairs, rodeos and carnivals slated for surrounding southern Alameda county towns during the next few weeks, when the second annual Booster Parade was held.

In spite of lowering skies, the multitude that turned out to witness the spectacle exceeded the expectations of the wildest enthusiast.

The Livermore delegation, vociferating for its rodeo, led the procession with the famous mechanical horse, horsemen, drum corps and decorated autos. Centerville, broadasting news of the fair, brought the Druids band and a float. The American Legion drum corps headed the Pleasanton group, advertising the Fourth of July fete. Harry Rowell, who stages the Hayward rodeo, slated for June 23 and 24, led a group of horsemen and an ancient wagon advertising his rodeo.

Niles' jackass polo team headed by the genial Grady Denton, led the Niles part of the parade, which was made up of all who could scare up a pony and a hat.

The Niles Chamber of Commerce, as host to the visitors, gave away the keys to the city, and all were made welcome. The decorations of the town, appearing so magically overnight Tueday, were strung by the Warren Decorating Company, of Fresno.

RECORD JUNE RAIN BRINGS ALMOST AN INCH IN TOWNSHIP

Damage to Crops Heavy As Downpour Persists Monday-Tuesday

Beginning as a drizzle Monday morning, rain visited Washington township early this week and continued with mid-winter persistence until Tuesday afternoon. A total of .78 of an inch fell during a period of 36 hours, setting a sixty year record in this valley for the month of June.

Growers of all manner of crops in the district were of the opinion that the downpour did more harm than good, and that the result would be costly to local agriculture. Tony Garcia, prominent apricot grower stated Tuesday that the June crop of apricots was considerably augmented by the rain, water standing about the stem of the green fruit weakened its hold on the twig and slight winds resulted in a relatively heavy fall.

Andrew Borges, Garin company official, stated that harm may have been done to the more advanced tomato plants in the district. The plants, when at a certain stage cannot stand a continued state of moisure without serious danger of blight, Borges said. He stated that the younger plants, just set out, would profit from the rain.

Stacked hay considered safe during light rains, suffered from the continued precipitation, it is said, while cut hay, not yet in cocks, will be almost a total loss. The feed cover in the pasture areas will be of less value during the summer due to loss of sugar content, and mildew in the thick growths, it is said.

Last, but far from least, are the cherries, the remainder of which will be a total loss to growers. Republicans and Bings suffered heavily.

Only the beet growers seemed in good humor over the drenching.

At a recent meeting of the P.-T. A. Cub committee with the men's Cub committee at the home of Mrs. C. M. Myrick, Russell Ross, of Niles, was chosen Cub master. He officiated at the first meeting of the Cubs, held at the Niles grammar school Monday, at which parents and Cubs were treated to refreshments.

In the death of Thomas Bonner, last Friday in San Francisco, there passed away a member of one of the pioneer families of Washington township.

Bonner was born in Cooperstown, New York, and came as a boy to this district. A nephew, Ira Bonner, now resides in the old Bonner residence on the Mission highway. Bonner grew up in Washington township and married Franes Mayhew ,daughter of the late H. A. Mayhew and half sister of Mrs. J. C. Shinn. After their marriage the Bonners lived in the house that later became the home of Mrs. H. R. Hunt. They had one son, T. A. Bonner.

After several years residence, the Bonners moved to Oakland, where Bonner entered the employ of the late Henry Pierce, prominent business man and horse fancier. Bonner is survived by his son, and a grandson, Robert, University of California student. Two nephews, Robert and Harry Tyson, reside at Niles, and a niece, Mrs. Oliver Crothers, at Eureka. Mrs. Fleda O. Bunting, of Centerville, is a cousin.

LOCAL NATURE OF TOWNSHIP FAIR IS STRESSED AT MEET

Local Materials And Labor Erecting Huge Display

Judge Allen G. Norris and Chick Santos, members of the Township Fair executive committee, Monday pointed out to the Niles Chamber of Commerce the necessity of co-operation during the next three weeks, the crucial period in the preparation for the affair.

Santos, speaking first, stated that the various committees, assigned to different phases of the Fair, were functioning efficiently, and that the outcome looked bright. He warned, however, that a let-down in work would result in a tangle of unsolved details. He lauded the high school board of trustees for their co-operation thus far.

Norris, supplementing Santos address, told of the plans under way for the stage show, which bids to be outstanding in the annals of Washington township. Street decorations, in the hands of the Warren Decorating company, of Fresno, will be in place for the week-end the sixteenth.

Posters, depicting the industrial and agricultural nature of the Fair were distributed to members of the chamber for display in their places of business. Norris, in his talk, stressed the local nature of the fair, in that it is being worked out and completed with local products by local people.

Following the talk by the Fair officials, E. Dixon Bristow, spoke to the civic group of the coming event slated for the Veterans' Memorial building next week when Homer Challeiux, state legion commander, will deliver one of his famous addresses. Bristow urged that news of the event be broadcast.

Following a suggestion made by Supervisor Ralph V. Richmond last week, that the civic group apply for a permit to hold the Booster parade, President Jones stated that he had made the necessary application and that the permit was granted. The parade, and Niles participation in the Rodeo Parade at Livermore was outlined.

E. E. Glassbrook was named head of the Welcome committee for the parade yesterday.

KRAFTILES AGAIN DEFEATED BY STARS

A return game between the Lone Stars and the Kraftile nine, both Niles teams, ended with the tally decidedly in favor of the Lone Stars Sunday. The final score was 9 to 4.

Hiting the ball much more freely than in past games, the Stars had little trouble once they got well under way. The Kraftile team led 3 to 2 until the fifth inning.

Robello, who hit four for four, and Bellini, who once cleaned the bags with a home run over the centerfield fence, led the Stars in hitting. Sullivan and Reno Quarteroli proved to be an effective battery.

Drake, Silva, Brown and Denton played steady ball for the losers.

Iced watermelon, cool and dewy, comes with all its luscious flavor intact. Nothing better! But *dry* watermelon—pithy and tasteless. What could be worse?

CENTERVILLE DRUG STORE ROBBED OF DRUGS WEDNESDAY

$75.00 Worth of Narcotics Taken; Theft Is Second Try

Fortification of windows with new locks after a torn screen last week pointed to a theft attempt was not sufficient apparently, to deter thieves who returned in earnest Wednesday night and robbed the Walton Pharmacy, at Centerville, of narcotics amounting to $75.

The entire stock of drugs, kept under lock and key, and used in compounding prescriptions, was taken. Nothing else in the store was disturbed, according to police, who investigated the crime.

Cherry Crop Dwindling As Harvest Progresses

New avenues for consumption of cherries were opening this year, due in one instance to the repeal of prohibition. Maraschino cherries, the manufacture of which demands excellent Royal Annes, were started in their process right in the orchards this year. The cherries were picked, stemmed and stored in large barrels, ready for trucking to the cannery.

HEATING HURTS AT TIMES

If an axle or similar part has been bent in an accident, heating it to bend it back to its normal shape is not invariably the proper process, remarks L. G. Evans, director of Roadside Service of the National Automobile Club. It often happens that such a course destroys the effect of the original heat treatment which is used to give the metal hardness and load carrying capacity. A good repair man can settle this point for any unit of almost any car.

NILES IN DECISIVE WIN TO COP TITLE FOR FIRST HALF

Seven Straight Victories Crowned bv 20-1 Win Sunday

Seven straight wins, crowned with a twenty-one to one victory over the Dugout nine from Hayward Sunday, clinched the title for the first half of the league for the Niles C of C's.

Hitting viciously and at the proper times, the Niles team was at no time in danger of losing the contest. Bert Watson, during the first six innings, allowed four hits and one run. Ray Duarte in the box for the last three frames completely blanked the Dugouts. The total number of strikeouts was eight. The infield was airtight.

Red Blacow and Tony Duarte were far and away the leading hitters for the day. Blacow gathered a home run, a double and two singles to the list four to five. Tony Duarte followed with three for five.

Watson, in addition to his pitching, poled out the longest hit ever seen at the local park. The call cleared two houses beyond the center field fence and landed in F street. As is the custom, all players hitting homers get free passes to the Niles theatre.

Mederios was back at first base after a lay off of three weeks. According to figures submitted by manager Clarence Pine, the team batting average for the first half of the league play is 381.

ABATEMENT WORK INTENSIVE IN PAST WEEK

Southern Alameda county mosquitoes suffered a set-back as Coyote Hills marsh received its bi-annual cleanup during May. Grass and silt which blocked effective drainage were removed from 18,880 lineal feet of ditch in this area, acording to the monthly report of Harold F. Gray, mosquto abatement district engineer. The work was done under the direction of Roland Bendel, Washington township foreman.

Freshwater mosquito breeding was prevented as Bendel and crew oiled 345 cesspools at Niles, Decoto, Alvarado, Irvington, Mission San Jose and Warm Springs. Stagnant pools along Alameda Creek from Niles Canyon to Alvarado also received a dose of oil. Dairy drains, which are particularly prolific mosquito breeders, were oiled twice during May.
